

Early College of Arvada Staff Spotlight: Anna Gisetti

At ECA, we are committed to meeting our students' emotional and behavioral needs, not just their academic needs. At the forefront of our support team is Counselor Anna Gisetti. Ms. Gisetti holds a B.S.B.A in Marketing from The American University and an M.A. in Counseling Psychology and Counselor Education from the University of Colorado at Denver. Anna worked at The Denver Children's Home with youth in a residential treatment setting before joining the Colorado school system. Anna has worked in both traditional and charter schools, with youth in elementary, middle, and high school settings. Anna also worked for the Colorado School Safety Resource Center and Colorado Safe2Tell as a trainer and outreach consultant, training school staff, administrators, emergency responders, and mental health personnel on a variety of school safety topics. She has provided professional development on many topics, including bullying prevention, suicide intervention, substance abuse prevention, restorative practices, trauma informed practices, and threat assessment.

This is Anna's ninth year as school counselor. "I am extremely passionate about supporting Colorado youth and helping them have access to quality education and opportunities that will propel them forward to be successful in their post-secondary adventures; to help them reach their fullest potential and become amazing human beings and positive contributors to society," she says. "ECA is a place where youth have access to phenomenal faculty, an encouraging space to learn and grow, and a safe and supportive environment to help them along the way."

ECA honors Ms. Gisetti's dedication to making ECA a space where all students feel safe and supported. By creating systems of support for our students, we not only help them achieve their academic goals, but also nurture them to be curious and well-rounded people. If you think that the welcoming community we have at ECA would be a good fit for your student, please reach out to Executive Director Todd Cordrey at 720-473-4403 to schedule a tour or save a seat. We look forward to meeting your student!
